

GALLOWAY ELECTRICAL

Dundee CRAIGMORE STREET, KIRKTON

Case Study GE 05

Galloway Group Electrical Division were responsible for the Electrical, TV and ventilation installation for 45 social housing units for Bett Partnerships (on behalf of Servite Housing Association). This included the electrical installation of Altherma heat pump systems for the houses

Various meetings with the clients architect and surveyor meant that we were able to comply with the Housing Associations requirements. There was good communication with our client and the Clerk of Works, which meant that although there were a number of alterations to the Housing Associations requirements, there was minimal disruption on site.

For further information regarding Galloway Electrical capabilities, please contact:
