Galloway Electrical Division

'Lighting up Scotland's new housing developments'

Galloway Electrical Division forms an integral part of the Galloway Group, one of the UK's leading airside package contractors and suppliers of ventilation ductwork products.

With 40 years experience servicing the major National Housebuilders in Scotland, Galloway Electrical Division can be relied upon to provide a quality service at a highly competitive price.

Services

Galloway Electrical Division specialises in complete domestic electrical installations on major new housing and apartment developments throughout Scotland. Our highly skilled and directly employed tradesmen are able to offer a fast and efficient service

In addition, Galloway Group are able to manufacture and install ventilation ductwork services where required on major apartment buildings.

Standards

Our commitment to the highest standards of workmanship and installations is reflected in the numerous NHBC Pride in the Job Awards presented to Galloway Electrical Division.

Our dedicated Customer Service Department ensures that at every stage throughout the project our clients receive the highest standard of service.

Safety

As members of the British Safety Council and winners of the Construction Sector National Safety Award for three consecutive years our commitment to the highest standards of Health and Safety speaks for itself.
